Dear Representative (Representative's Last Name):

Congress must act quickly to save lives and ensure inclusive and fair elections during the COVID-19 pandemic. As your constituent, I urge you to cosponsor and work to enact the following legislation:

*Sanders/Jayapal Health Care Emergency Guarantee Act*, (Senate Bill Number Pending/H.R.6906), that would empower Medicare to pay all out-of-pocket healthcare costs for the duration of the pandemic.

*Duckworth/Scott COVID-19 Health Care Worker Protection Act*, (S.3475/H.R.6139), to help prevent the spread of the virus to healthcare professionals and the general public.

*Wyden/Blumenauer Vote-by-Mail Act*, (S.26/H.R.92), to guarantee safe, inclusive, fair, and transparent elections as scheduled this November and ensure the legitimacy of our government.

I also urge you to oppose any payment of taxpayers' funds or loans to any business that endangers its employees by forcing them to work in unsafe conditions.

Respectfully,
