

20 May 2020
The Honorable Senator Tom Udall
531 Hart Senate Office Building
Washington, DC 20510

Dear Senator Udall:

Congress must act quickly to save lives and ensure inclusive and fair elections during the COVID-19 pandemic. We urge you to cosponsor and work to enact the following legislation:

Sanders/Jayapal Health Care Emergency Guarantee Act, (bill numbers pending), that would empower Medicare to pay all out-of-pocket healthcare costs for the duration of the pandemic.

Duckworth/Scott COVID-19 Health Care Worker Protection Act, (S.3475/H.R.6139), to help prevent the spread of the virus to healthcare professionals and the general public.

We thank you for cosponsoring the Wyden/Blumenauer Vote-by-Mail Act, (S.26/H.R.92), to guarantee safe, inclusive, fair, and transparent elections as scheduled this November.

We also urge you to oppose any payment of taxpayers' funds or loans to any business that endangers its employees by forcing them to work in unsafe conditions.

Respectfully,
The members of the Central New Mexico Chapter of Progressive Democrats of America
